A Fine Thing for the Teeth

Fragrant SOZODONT is a composition of the purest and choicest ingredients of the Oriental vegetable kingdom. Every ingredient is well known to have a wonderful effect on the teeth and gums. Its embalming or antiseptic property and aromatic fragrance makes it a toilet luxury. SOZODONT removes all disagreeable odors from the breath caused by catarrh, bad teeth, etc. It is entirely free from the injurious and acrid properties of tooth pastes and powders which destroy the enamel. One bottle lasts six months.

A Card.

To all who are suffering from the errors nd indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN. Station D, New York City

EDITORIAL NOTES.

That the killing of Dr. Lefevre by Schroeder was a murder there is no doubt. The deed showed malice and forethought. The jury acquitted Schroeder, probably because they thought him entitled to revenge himself as he did. Lefevre, if not himself seduced by Mrs. Schroeder, certainly deserved death. The most guilty figure in the whole dirty bunch is Schroeder's false wife. She deserves the halter even more than her husband.

As young Scotchler, a San Francisco idiot, was bidding good-bye to Miss Tyler at the gate of her house in Oakland, she asked what he had in his pocket. He took out a pistol and playfully snapped it several times, until it went off. The ball passed through her brain, causing instant death. Funny pistol-snappers like Scotchler should either be sent to a lunatic asylum or be taken out and hanged.

If the news from Nashville is true, the Republicans have gained control of the next U. S. Senate. It is stated that the Republicans and the Low-tax faction have made a compromise by which the former are to be allowed the U. S. Senatorship, in return for certain local concessions. This will tie the Senate, and, as the Vice President has the casting vote, puts that body under Republican control.

Congressman Daggett writes from Washington to the *Enterprise* that he is not exploring the ruins of Pompeii, nor roving up the Nile, nor drinking Tigris water, but attending to the business of his constituents at his post of duty. He indignantly denies that he had a free ride over the Union Pacific. Mr. Daggett states that he expects no Government appointment, but will return to live in Nevada.

Nova Scotia coal appears to be highly inflammable this winter, at least under ground. The Stellarton coal pit again took fire yesterday from an explosion of gas in the mine. No miners were injured this time.

It saved Mrs. Jones of Independence, Mo., some trouble to fill a coal oil lamp while it was lighted, but the explosion which resulted killed her and her two children.

The San Francisco *Epigram*, the new evening paper which made its first appearance but a week ago, is already dead. It was issued from the *Argonaut* office.

Mante & Donald have commenced the publication at Grantsville of a new weekly paper called the *Bonanza*. It makes a good appearance.

A Watsonville man has sold 6,000 Angora goats to some New Yorkers, who will put them on a 13,000-acre ranch in Texas.

The Isle of Man is a remarkable place. Its cats have no tails, its men no taxes to pay, and its women have votes.

George W. Smith, convicted of murder in the second degree, was to be sentenced in Nevada City to-day.

The *Republican* boasts of Truckee's "bristle." "Bristle?" "Bristle?" This must be Truckee for "rustle."

John W. Mackay recently gave $50,000 to Bowdoin College.

Edison says he expects to perfect his electrical light.

Our Exports.

It is certainly gratifying to all true Americans to know that of late years our exports have largely exceeded our imports, not alone in such staple articles as wheat and beef, but in almost every branch of industry. Ten years ago nearly all the perfumery and toilet articles used in this country were imported from Europe; to-day we not only manufacture for ourselves, but are large exporters to South America, China, Japan, and the Colonies. The immense growth of this particular industry on the Pacific Coast is simply astonishing. Slaven, who is one of the largest cologne makers in the world, last year exported some 2,000,000 bottles of his famous Yosemite Cologne. For sale by Osburn & Shoemaker.

Santa Claus.

Harken, folks, the approaching sound;
Santa Claus is coming near.
His march to this earth is bound
To bring joy to grown and children dear.
But then he cannot take all things
On his great white old wings;
And many gifts are left therefore
At Isaac Barnett's dry goods store.
For your wife you can find
Dress goods of a hundred kinds;
Silks, satins, broches, cashmere,
To suit a fancy ever so queer.
And oh the cloaks, dolmans and burnieces,
Such a present will deserve many kisses.
For ties, silk handk'fs. of all shades
Many hearts expecting wait;
Hoods, nubas and beautiful hose
Ladies' heads, necks and l—— to enclose.
But you must not forget household wants,
Blankets, carpets, towels, napkins and tidies for stands,
And many other fancy and necessary wear,
To beautify the home you care.
For children's cloaks, gloves, etc. their eyes to blent,
Which will make them joyous clap their little hands.
How their little eyes will gladding shine,
And loving their little arms father and mother entwine.
To make hearts flow with delight,
And eyes shine as bright as a Christmas light,
Go to Barnett's Dry Goods Store
And get your presents as stated before.

JOTTINGS.

—Hall & Clark advertise Christmas turkeys dressed.

—Sol Levy is opening up a big lot of new goods to-day.

—Spelling bee at the North Truckee school house this evening.

—Two new locomotives for the Southern Pacific railroad of Arizona went west this morning.

—Those who love to listen to the patter of rain drops on the roof were gratified last night. Many heavy showers fell.

—Lachman & Myers are opening up a splendid lot of toys, fancy goods, etc. for the holidays. Particulars will be given to-morrow.

—The man arrested for selling whiskey to Indians has been turned over to the U. S. authorities, and will be taken to Carson for trial.

—Eh! What's this? Fifty cents on Bullion! They will be assessing Mexican next. It will take all the dividends from Alta this winter to pay the assessments on the other Comstocks.

—The new crossing which is being floated over Virginia street, opposite Queen's drug store, will be a great convenience to those who desire to cross the dark river of mud at that point.

—Mrs. Shoemaker and Miss Roff have had excellent success in collecting for the Trinity Church Sunday School Christmas Tree. The children will have a better celebration this year than ever.

—Mr. Lindsay experiences some inconvenience from the change of drinking water, since removing from the Comstock to Reno. Few who come to Reno from the Comstock find any occasion to drink water.

—A curious phenomenon was observed about 11 o'clock last evening. Across the serene blue sky a snow white cloud slowly drifted, gradually unfolding into the form of an immense scroll, on which could be clearly read by the light of the moon: "Buy Your Clothing at the White House."

Personal.

W. L. Knox is named as the next Deputy County Clerk.

Judge King to-day adjudged John Jans insane. The lunatic will be taken to Stockton to-night.

Clem Lemery went below this morning. He proposes to spend the winter in Southern California.

A surveying party is now in Lake county, Oregon, looking out the best route for the railroad from Winnemucca to the Willamette valley.

Dr. Bishop is at Pyramid. It is said that he has abandoned his intention to bring a libel suit against the Carson *Times* for publishing a rumor that he was using impure vaccine matter.

Gen. Hatch is still confined to the house by the effects of vaccination. He had a bad cold when inoculated, and the virus affected his whole system, causing considerable pain and discomfort. He thinks the virus must have been taken from a mule direct.

It is an established fact that Davidson gives the best satisfaction in repairing fine watches and jewelry. jan1

A Great Variety of Gift Goods.

The well-known establishment of Osburn & Shoemaker seems crowded with holiday goods. The long tables extending down the centre of the store are loaded down with a great variety of beautiful articles suitable for Christmas gifts. They have opened up an unusually fine stock imported from the east and from San Francisco. It includes a lot of beautiful glassware, frames, perfumeries, statuettes, glove and handkerchief boxes, artists' materials, etc. The whole makes a pleasing and attractive display

The visitor to Osburn & Shoemaker's will not fail to remark the elegant jewelry and silver ware shown by Mr. Fredrick under the same roof. He has opened out a splendid stock of fine goods for the holidays. He has many beautiful articles in silver ware, and pleasing novelties in jewelry. His show cases are crammed with fine watches, chains, rings, etc. Mr. Fredrick offers all his choice stock at moderate prices, and is sure to get a good slice of the holiday trade.

Breaking a Road Through Deep Snow.

Says the Truckee *Republican*: "The road from Sierra Valley to Truckee has been opened so that there is good sleighing out that way. Capt. Burton with ten men and six horses put it through. A single path had already been broken before the party started out. By hitching their horses tandem to the sleigh, so that they could follow the path already broken, and fastening a large log to the opposite runner in the rear, allowing it to drag in the snow, they managed to break a splendid road without the least difficulty. The log business is a novel idea in the way of breaking roads in the snow, and is certainly very effective."

The Eclipse To-Morrow Morning.

According to the New York *Tribune Almanac*, which is good authority, a total eclipse of the moon will take place to-morrow morning, visible only on the Pacific coast. At San Francisco the eclipse commences at 5:35 A. M., and is total at 6:44 A. M., the moon setting at 7:14 A. M., totally eclipsed. This eclipse should be visible in Reno about twelve minutes earlier than in San Francisco, there being about that much difference in time between the two places. The expected phenomenon should induce much early rising to-morrow morning.

High Pressure in a few Days.

If this weather holds a day or two longer, the Highland ditch will be cleared, and the new reservoir again filled with water. Then the high pressure will be restored to the service pipes, and the town be better protected against fire. The Gazette's typos will be glad of it, as the water wheel is now useless, and they are obliged to print by hand. Once the reservoir is filled, there will be no more trouble for the winter. It holds enough to supply the town two months.

Amateur Telegraphing at Eureka.

The Eureka *Leader* says: "The Ruby Hill Amateur Telegraph Company is one of the most popular affairs on the Hill just at present, and the mysteries of Morse are becoming quite the rage. The company finished their wires yesterday, and the circuit is now complete, with offices at a number of points in the town. The boys take to the electrical business with the aptitude of a diamond-pointed lightning rod."

A Little Pistol-Popping in Grantsville.

The first number of the Grantsville (Nye county) *Bonanza* chronicles a shooting scrape, which argues that the place has need of a newspaper. Joe Phillips and H. Lockerman met in a saloon, had some words, and Lockerman got a bullet in the thigh. Shooting seems not a serious offence in Grantsville, for the *Bonanza* concludes as follows its account of the affair: "Mr. Sharp, who was the only person present, corralled their weapons and peace and quiet once more reigned."

Free Fight at Boca.

The chair on which McDonald was about to seat himself, in the Boca Hotel saloon last Saturday night, was pulled away by Lattery, and McDonald sat down on the floor. McDonald rose to a point of order, and struck Lattery. They fought, and the other men present took sides. A general eye-bunging, hair pulling and chop-slapping ensued. The row ended without serious injury to any one, outsiders interfering to put a stop to it.

Paid Their Taxes.

There were some errors in making up the delinquent tax-list published yesterday. N. C. Hammersmith, Edgar Burr, S. Bishop, O. Walker, Thomson & Ferguson, A. Prescott and Wm. Wheat had paid their taxes, and it was a mistake to order suit against them.

No Small-Pox in Carson.

The Carson people have recovered from their small-pox scare. The case of the child in the Orphan Asylum turned out to be chicken pox, not smallpox. The doctors are left with large invoices of vaccine virus on hand, and a declining market.

New Work on Old Mines.

In 1852, A. W. Poole, the present United States Marshal of California, had a five-stamp mill on a claim at the mouth of Humbug canyon, on the south side of the American river, a few miles from Dutch Flat. The ore worked less than $25 a ton, which was not considered an object in those days, and the works were allowed to go to ruin and rot away. This year the mine has been reopened; a good trail has been built to Alta, 5 miles; and a bridge over the river at Euchre Bar. The suspension wires are cables from one of the street railroads in San Francisco. A five-stamp mill was built last summer, and started up in July. There are from four to five feet of ore. Hon. J. H. Neff, of Dutch Flat, has a patent for a claim higher up, called the Pioneer. A good deal of rich ore was taken out of it in early days, but it was not properly taken care of, and caved in. The old mill has rotted down, and the drifts have filled up. Some work is being done on it now, however, and the ledge was found the other day. It promises to be very rich. The Drift mine at Damascus, which has not been worked since 1852, is also looking up. The vein has been lost several times, and found again. It is now giving out very rich gravel.

Items From the Truckee "Republican."

The town is as lively as a cricket nowadays. Lots of men and plenty of money.

The warm weather settled the snow down to about half its original depth up to Monday night.

The latest ball room feature, "The Prismatic Perfumed Fountain," will be introduced at the Knights' ball New Year's Eve.

Frank Aumer the cattle man, passed through here for Sierra Valley on Monday last. He is after beef cattle for the Christmas market.

The papers at the County seat are asking for the formation of a chain-gang. Sacramento and other places make their petty criminals work, and the result is tramps give those places a wide berth.

A Plucky Woman's Adventure With a Tramp.

"Is that you, Wallace?" asked Mrs. Doan, as she went to the door of her house at Boca at a late hour one night last week to admit her husband. "Yes; let me in," replied the tramp outside, who had knocked at the door. The voice was not Wallace's voice, so she closed the door quickly. The tramp forced his way in, and she told him to leave, but he refused to go. Then she struck him on the head with a chair, and pushed him out. He hung around the house until she opened the door and said: "If you don't leave instantly, I'll shoot the top of your head off." He left quickly.

Amusements.

The Thirteenth Musical Rehearsal at the Bishop's School for Girls is the attraction for this evening. Programmes have been provided for visitors. The rehearsal will commence at 8 o'clock. The public are cordially invited.

Friday evening the Reno Athletic Club give their second dance of the season in Kimball's hall. The music will be by the excellent amateur band of the Club. There will be no gymnastic exhibition. Dancing will commence at 9 o'clock. Tickets $1 each. Ladies free.

New Year's Ball.

The Amateur Quadrille Band of Reno advertise a ball to be given in Kimball's hall on New Year's eve. Tickets are sold at $2, and can be had from members of the band. The ball is likely to be one of the best of the season. The musicians have made great progress since their organization. The members of the band are Hyman Fredricks, first violinist; T. M. Tippetts, second violinist; Chas. Miller, cornetist; C. M. Fassett, pianist; J. Dillman, caller.

Nevada & Oregon R. R.

Col. Moore and Gov. Woods are expected to arrive from San Francisco to-morrow morning. Gen. Hatch thinks that ground will be broken on Friday or Saturday. Sixty days of uninterrupted work would be sufficient to complete the grading as far as Beckwith Pass, but bad weather is likely to considerably delay the work. Operations will be pushed as fast as possible. The report that Gen. Hatch proposes to give a ball in celebration of the commencement of the work is incorrect.

District Court.

Judge King came down from Carson last evening and has been holding Court to-day. The business has been merely motions and orders. In the case of the First National Bank of Reno vs. H. Myerstein, the petition of C. Coleman to intervene and open judgment was being argued this afternoon. Court adjourns this evening until January 3.

A Bonanza.

The Eureka *Sentinel* says: It is currently reported that on the ninth level of the Eureka Con. mine they have a bonanza of very rich ore, and that the extent of it is without bounds.

The Boss.

A CARD.—The people of the Pacific Slope are, and should be, interested in all good and meritorious inventions. The Boss coffee and tea pots and urns, at present exhibited at 414 K street, in this city—the first point of introduction in California by Mr. Frank Ricker—are without doubt the best and most simple for making superior coffee ever presented to our citizens. After a careful examination of their merits and testing the same in our families, we endorse them as saving at least fifty per cent. over any other method known to us of making coffee. Hence we have secured the right to make and sell the Boss coffee and tea pots and urns in Sacramento. We invite our friends and the public generally to call and examine their merits. Mr. Ricker will remain one or two weeks longer, for the purpose of making agents in the territory not disposed of. He shows abundant proof that he has already disposed of nearly all the Eastern States, and over 100,000 coffee pots and urns. Mr. Ricker comes to us with the best personal indorsements, and the highest possible recommendations from bankers, hotel men, and citizens generally for the Boss. L. L. Lewis & Co.,

Gentlemen's AND BOYS FINE FURNISHING GOODS.

☞If you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we defy competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Everybody is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of this State. Everything we have is new. No old, musty and out-of-date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of our prices and examine our stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing. We make a profit on everything we sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. One must make a profit to live. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods form one of our specialties. Orders from the country promptly attended to. Look out for the White Building with the Gold Sign.

IN THE DISTRICT COURT OF THE Second Judicial District of Nevada, in and for the County of Washoe.

The State of Nevada sends to Mary Jane Hall, Greeting: You are hereby required to appear in an action commenced against you as defendant by S. C. Hall, as plaintiff, in the district court of the Second Judicial District, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this Summons (exclusive of the day of service), is served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or Judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a judgment and decree of divorce against the defendant and in favor of the plaintiff. The complaint alleges that the plaintiff and defendant intermarried at Hookset, in the State of New Hampshire, A. D. 1852, and lived and cohabited together until on or about the 28 day of August, A. D. 1872. That plaintiff was a true and faithful husband. That on the 28th day of August, A. D. 1872, at Reno, Nevada, defendant left plaintiff's bed and board and has ever since said time abandoned and refused to live with plaintiff, and has gone to the State of Massachusetts, deserting and refusing to cohabit with plaintiff, all of which will more fully appear from the Complaint which is on file in the office of the clerk of said court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

{SEAL.} In testimony whereof, I, MARK PARISH, have hereunto set my hand and affixed the seal of said court, this 13th day of November, A. D. 1880.

Clerk of the district court of the Second Judicial district of Nevada, in and for Washoe county.

THE BOSS!

Edison Outdone.

Over 150,000 Sold.

Patented April 2, 1878, June 11, 1878, and July 8, 1879.

Boss Coffee, Tea Pots & Urns.

It is the Boss! Why? Because it produces Boss Coffee.

It makes rich flavored Coffee! Why? Because all the aroma and food are retained.

It beats them all! Why? Because it saves 100 per cent over boiled Coffee, which is not Coffee, but bitter water. Second—Because it saves 50 per cent over any other method of making Coffee. Third—Because it saves eggs and trouble of clarifying. Fourth—Because it makes Coffee as clear as red wine. Fifth—Because it takes only two minutes to make Boss Coffee.

The Boss works as well on Tea, and saves 25 to 50 per cent.

While Edison may furnish light to millions, the BOSS will assuredly give health to all who use it. Thousands have become dyspeptic and bilious from drinking boiled coffee or BITTER WATER, (boiled coffee is not coffee, but bitter water POISONED with coffee picotine). Stop drinking boiled coffee. Make your coffee as NATURE ORDAINED, and restore your health. Many inventors have racked their brain to furnish the human family with a practical method of making coffee. At last the HAPPY RESULT has been accomplished in the production of very cheap and simple Pots and Urns celebrated as the BOSS.

TO WHOM IT MAY CONCERN.—After thoroughly testing the BOSS COFFEE POT, we, the undersigned, fully endorse the same as the best method of making Coffee we have ever seen. Besides saving eggs, it will save a large per cent. of the Coffee. It produces Coffee as clear as wine, which is much stronger, and has a more delicious flavor than any coffee made by any other process.
